REAL ESTATE TRANSACTIONS

H. L. Mitchell & Son sold yesterday to M. J. Lavin & Son, a house and lot on Eighth street, to Floyd Rankin, for \$650.

James Daugherty purchased this week of Jake Elvove a one-story frame rent cottage, located on Virginia avenue, in the Bourbon Heights Addition, at a private price.

Mrs. Susan Meglone purchased of Harris, Speakes & Harris, at private sale Tuesday, a two-story frame house located on South Pleasant street, near Twelfth, at a price not made public.

The public sale of the three pieces of property belonging to Mrs. Iva Perry Davis, of Covington, formerly of Paris, was conducted yesterday afternoon at two o'clock, by the real estate firm of Harris, Speakes & Harris. The property on Main street occupied as a pool room by James Macon, and the two-story frame residence on Pleasant street, occupied by Mr. and Mrs. Thos. Morris, were offered as a whole. After being bid up to \$9,500, the property was withdrawn. The two-story frame residence on High street, adjoining the Traction Co.'s station, and occupied by Mr. and Mrs. Hensel Margolen, was sold to Mr. Margolen for \$4,900.

D. A. R. MEETING.

Reports of the recent meeting at Washington of the National Convention of the Daughters of the American Revolution will be read by Mrs. Henry S. Caywood at the April meeting of the Jemima Johnson Chapter, D. A. R., to be held tomorrow afternoon, at 2:30 o'clock, at the home of Mrs. William Myall. Following this each member of the Chapter will be called on for news of interest from the Congress. Mrs. Caywood was one of the delegates to the Continental Congress held at Washington, and her report of the salient features of that meeting will make part of an interesting program.

TO INVESTIGATE DECLINE IN LOOSE LEAF TOBACCO PRICES

An investigation into the conditions which have brought about the recent decline in the looseleaf tobacco prices in Kentucky is being sought by Congressman William J. Fields, of the Ninth Kentucky District. Mr. Fields introduced in the House a resolution demanding an investigation by the Federal Trade Commission into the facts connected with alleged violation of the anti-trust act and its connection with the decline in tobacco prices. Congressman Fields expects to get a hearing on the resolution to-day.

Y. M. C. A. AWARDS SERVICE MEN SCHOLARSHIP.

At a meeting Wednesday afternoon the Bourbon Y. M. C. A. Educational Service Committee awarded the following free scholarships: In the United Y. M. C. A. Schools, Rene H. Clark, Highway Engineering; Walter C. Woertz, Accounting; in the Fugazzi Business College; Marion C. Thomas, complete business course.

The committee will meet at regular intervals and act upon any additional scholarship applications received. Scholarships are good at any recognized school of good standard and are open to all ex-service men. W. O. Hinton, Lee Kirkpatrick, Y. H. Harrison, Carl Bratton and Ray Ogden comprise the local committee.

BORELAND-COOPER

The marriage of Miss Minnie Boreland, of Paris, to Mr. David Spears Cooper, of Danville, was solemnized Wednesday afternoon at three o'clock, at the home of the officiating minister, Rev. W. E. Ellis, in this city. Only members of the bride's family and a few intimate friends witnessed the ceremony. After the ceremony Mr. and Mrs. Cooper left for a short bridal trip and on their return they will reside at the home of the groom, near Danville. The bride is the adopted daughter of S. E. Boreland, of Paris, and is a very handsome and attractive young woman, with a large circle of friends in this city. The groom is a prosperous young farmer.

PHYSICAL EDUCATION MANUAL TO BE ISSUED.

The official bulletin in regard to the new physical education law has been issued and will be followed shortly by a manual containing preliminary courses in physical education. The course will be tentative and will be used chiefly for experimentation and criticism.

Fifteen States, including Kentucky, have already passed laws making physical education a part of the school course.

In brief, the law provides for a course of physical education in all of the schools of the State; for a manual setting forth the course to be prepared by the State Board of Health, and that at least thirty minutes each school day must be devoted to instruction and training in health and safety, to physical exercises and to recess play under proper supervision.

SEWER IMPROVEMENTS ORDERED.

A sewer, to cost practically \$2,000, was ordered at a called meeting of the Paris City Council, to be laid for a distance of eight hundred feet, on Scott Avenue, and on out Maysville street. An ordinance to that effect was adopted by the Council.

GUARANTORS OF CHAUTAUQUA HOLD FIRST MEETING.

Although the Redpath Chautauqua program will not be staged in this city until July the guarantors are taking time by the forelock, and are already planning for the meeting of this popular Chautauqua attraction, pronounced the best in the business.

The initial meeting of the guarantors was held in this city Tuesday afternoon, with a good attendance. Considerable business was transacted, and from the interest manifested it may safely be said that the promoters are imbued with the belief that the 1920 Chautauqua will be "a hummer" for Paris.

At this meeting Clarence K. Thomas, cashier of the Deposit and Peoples' Bank & Trust Co. was selected treasurer, and J. Will Thomas secretary. The latter was also placed in charge of the distribution and sale of season tickets, the details of which will be worked out later in the season. The following were appointed an Executive Committee to have general charge of the business matters for the engagement: A. S. Thompson, chairman; Chas. Green, M. J. Lavin, Rev. Ellis, Robt. Meter, Harry Kerslake, Pearce Paton, Dr. J. T. Vansant, Wm. O. Hinton, Judge George Batterson and J. Will Thomas. The ministers of the Paris churches were appointed as a Courtesy Committee, as follows: Rev. W. E. Ellis, of the Christian church; Rev. S. T. Smylie, of the Presbyterian church; Rev. C. H. Greer, of the Methodist church; Rev. Father Thos. H. Coleman, of the Catholic church; Rev. Arthur Fox, of the Baptist church, and Rev. Walter Cain, of the Episcopal church.

A letter was read from the Redpath Chautauqua managers, stating that they would bring to the Paris engagement, which will probably begin on July 8, one of the best programs they have ever presented anywhere in the State. The Redpath people will have entire charge of the grounds, and the program, giving their guarantee that everything they have anything to do with will be of the very highest class, and that they will do all in their power to give the people of Bourbon county a first-class list of attractions.

LIGHTNING FIRES BARN; FIRE DESTROYS HOME.

A stock barn on the farm of Mr. and Mrs. P. L. Dimmitt, on the Jackstown pike, near Millersburg, was struck by lightning during the storm Monday, the resulting flames destroying the building. Two horses, a pony and calf, a large quantity of corn and other feed and a lot of harness, belonging to Ellis Baldwin, residing on the farm, and two horses, a mule and a calf belonging to Mrs. Dimmitt, were burned in the fire.

The property loss is estimated at \$4,500, said to have been unprotected by insurance, save for \$500 carried on the barn by Mrs. Dimmitt.

A brick cottage on the farm of Claude Redmon, on the Ruddle Mills pike, near Paris, occupied by Arthur Crooks, was destroyed by fire of unknown origin. Crooks lost all his household goods and clothing. He had just started to Paris to get a supply of matches when the fire broke out. There was no insurance on the building or its contents.

BOURBON FARMING CONDITIONS

Rain, high winds and hail have played havoc with the spring efforts of Bourbon county farmers in the past few days. Plowed ground has been badly washed by the heavy waters, resulting from an almost record-breaking rain. Tobacco plant beds have been hard hit, many having been so located that they were badly damaged by the wash-outs. It is highly probable that the destruction of plants will be reflected in a reduced acreage for the 1920 crop. Farmers are away behind in their work, and in addition to the handicap imposed by the unfavorable weather conditions, there is a shortage of farm labor, which is adding to their troubles. Small grains were damaged considerably by the rains, but in general the pasture lands and the grain fields are looking fairly well. Practically no damage seems to have resulted to the fruit trees by the freezes of the last three weeks.

PROMPT INSURANCE SETTLEMENT.

The sum of \$2,031.08, in settlement of claims under a policy on the life of the late A. W. Overton, of Franklin, was paid over recently to his widow, Mrs. Laura E. Overton, by Roy E. Clendenin, of Paris, Associate General Agent for the Northwestern Mutual Life Insurance Company.

IN SECOND PLACE.

In the Marathon Club Contest, being waged by a large number of agents for the Northwestern Life Insurance Company throughout the United States, Roy E. Clendenin, of Paris, Associate General Agent, has forged to the front from third place, and is now in second place, and going strong in the race.

PARIS NEEDS AN "ANTI-SPITTING CRUSADE."

The city authorities of Paris should at once institute a new crusade against spitting on the sidewalks. Warning signs should again be posted on all sides where they could plainly be seen. The posters would serve to advertise the fact that it is wrong to spit on the sidewalks and would do more to educate the public than the few arrests that possibly be made.

It is pretty difficult to look at a "Don't Spit On the Sidewalks" sign, and then violate the solemn warning. There is but one excuse for a man who spits on the sidewalks, in the cars, on the floors, and that is that he does not know any better. When public sentiment speaks to him on every side, and at every turn, from posters printed in type which he cannot fail to see, he is shorn of his only excuse, and should be handled as any other criminal. Men need to learn that they have no more right, knowingly, to take the lives of innocent people by spreading disease germs than they have to kill them in any other way.

It would seem that enough has been said by public speakers and the press for any man to know better than to spit where people are compelled to come in contact with his filth, yet the practice is common. Take the trouble to investigate this statement in some public place, and see if we are right about it. It is violated at the moving picture houses every night. We know this to be a fact. It will always be so until men learn better. Men spit on car floors and the floors of restaurants even when cuspidors are in front of them. They stand in groups on the streets and spit on the sidewalks. We have even heard of them going to church and spitting on the costly carpets in the church pews.

No, there are not many who are not educated to the dangers resulting from careless spitting in public. Educate them by words, if possible, if not, teach them the lesson in the way other criminals are taught. We are sure this will meet with the approval of the women, the physicians and the Health Board of the city of Paris.

LOOK AT YOUR TAX RECEIPT

We hope that every taxpayer in our county will look at his tax receipt before he votes this fall. This will give him the very best idea of the "economy" which the Morrow Administration is practicing.

Morrow and the Republican ticket were elected because the people took them at their word that expenditures would be cut, and useless offices abolished. Instead, taxes have been raised enormously, and the pledge to abolish useless offices either evaded or deliberately violated.

We do not believe that our citizens will be very anxious to continue voting the Republican ticket when they see their receipt, in the face of a solemn promise of strict economy.

FEAR FOR PLANTS ON ACCOUNT OF WEATHER

Bourbon county growers of tobacco are apprehensive of results of the continued rain and cold weather on tobacco plants. They claim the plants are not taking root properly, and many express the belief that if there is a continuance of the weather, it will have a serious effect on the new crop. The planting did not take place until late and this, too, adds to the tardiness of the plants in developing.

NEW AUTO OWNERS.

The American Motor Co., of Lexington, reports the sale of a 2½-ton Bethlehem truck to the Xalapa Farm, near Paris, the third of the kind bought for this farm. A remarkable coincidence is that just as the new truck was passing over the East Paris bridge en route to the Xalapa Farm, at noon Friday a portion of the old truck which was washed away during the recent flood, passed under the bridge and lodged a short distance away.

Wm. Phillips, of Lexington, reports the sale of a Franklin touring car to Deputy Sheriff J. O. Marshall, of Paris.

Another reason why a boy hates to go to school is because he thinks what he doesn't know won't hurt him.

CALL ISSUED FOR DEMOCRATIC CONVENTION

Pursuant to order of the Democratic State Central and Executive Committees for the State of Kentucky, notice is given that a Democratic mass meeting will be held at the court house in Paris, Bourbon county, Kentucky, on Saturday, May 1, 1920, at 2:00 o'clock, p. m., to select delegates to represent Bourbon county at the Democratic State Convention to be held in the city of Louisville on May 4, 1920. At the meeting delegates to the National Convention will be selected, members of the State Central and Executive Committees chosen, and by-laws, rules and regulations for the government of the Democratic party adopted. All Democrats of the city and county are earnestly requested to attend and participate. Ladies are extended a special invitation to be present and take part in the proceedings.

W. D. McINTYRE, Chairman Democratic Committee.

PARIS FOURTH IN TOBACCO MARKETS RECORD.

With a total of 13,183,285 pounds sold during the past season, which brought an average of \$44.21, the tobacco markets of Paris rank fourth in the number of pounds sold in the markets of the State. These figures are shown in a recently-issued statement from the department of statistics.

Lexington led the market with \$3,611,280 pounds for an average of \$46.10. Maysville came second on the list with a total of 21,036,125 pounds, for an average of \$23.95; Shelbyville, third with a total of 14,099,905 pounds sold, for an average of \$29.80.

ARM BROKEN.

A broken arm was sustained Wednesday by Mail Carrier Robert Kennedy, on Route 2, out of the Paris office, while cranking his auto. The injury will put Mr. Kennedy out of business for several weeks. During that time the patrons of Route 2 will be served by Raymond Wilson, who was designated and sworn in as substitute carrier by Postmaster J. Walter Payne.

APPOINTED DENTAL EXAMINER

Dr. J. H. Comer, of Paris, has received official notice of his appointment by the Treasury Department at Washington, as Dental Examiner of the U. S. Health Service, for the returned soldiers of Bourbon county. If there are any ex-service sailors or soldiers in the county who desire to take advantage of this opportunity they can do so by calling on Dr. Comer at his office in the First National Bank building.

RELIGIOUS.

The regular monthly meeting of the Women's Society of the Methodist church will be held in the church parlors on next Tuesday afternoon, May 4, at 2:30 o'clock. A full attendance is requested.

Rev. W. E. Ellis will preach an anniversary sermon Sunday morning at 10:45 o'clock, as this is the beginning of the ninth year of his ministry at the Paris Christian church. The public is most cordially invited to hear his message, and a large audience is expected, as his work in the past eight years has been very commendable, and of great interest and benefit to the church and the community. At the evening service the choir will give their regular song service at 7:30 o'clock, as this is the usual custom on the first Sunday of each month. The Sunday school is making a special effort to have as many present as possible, as this is known as "Go-To-Sunday-School-Day." If you have not been invited, come anyway, and bring some one with you. Classes will begin at the regular hour, 9:30 a. m.

PRESBYTERIAN CHURCH

The Presbyterian church is planning to have every member of the congregation present for as many of the services Sunday as possible. It is the last Sunday of the Campaign for a model church attendance, and every one who is interested in the church is urged to make plans and to make an effort to be present. The church wants to see what it looks like when all of its members are together. The Sunday School at 9:30 aims to have 200 present for its rally day. The 11 a. m. service will be devoted to the quarterly Communion Service. The subject at 7:30 p. m. will be "Profits, Profiters and Prophets." The pastor, Rev. T. S. Smylie, will conduct both services. A cordial welcome to all.

U. S. CHAMBER COMMERCE OPPOSES SOLDIER BONUS

The United States Chamber of Commerce would go on record as opposed to the granting of a bonus to soldiers who served in the World War by adoption of a resolution submitted for action by the resolution committee at the initial session of its eighth annual convention at Atlantic City. The resolution declared that "not only half a million negroes in the South, who would probably receive \$500 or \$600 each, would immediately quit work until the money was spent," but predicted there would be generally "an orgy of spending" that labor would be disorganized and production decreased.

If Constipated, Bilious or Headachy, take "Cascarets"

Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep. (adv)

HE WAS ALMOST FORCED TO QUIT

Toledo Man Was Barely Able to
Work, But Is In Splendid Health
Since Taking Tanlac

Statement after statement is now being made about Tanlac, the medicine that is being discussed and distributed throughout the United States and Canada and which is accomplishing so much good among all classes.

J. C. Richards, who has followed his trade as plasterer and latherer in Toledo for thirty-five years and lives at 4 Hyde Place, in relating his experience with Tanlac a few days ago said:

"I did not believe half they were saying about Tanlac until my wife persuaded me to try it, and now I don't doubt anything good I read or hear about it. Why, this medicine has relieved me of a case of what I call 'traveling rheumatism,' that had gotten me to where I was hardly able to work. At times it was agony for me to use my arms, then the pain would get into my legs, making it difficult for me to walk. Besides the rheumatism my kidneys were in bad shape, and there was the worst sort of pain in the small of my back nearly all the time. For the past year especially I was always so stiff and aching in the mornings that it was an effort for me to get out of bed, and in the evenings after my work I would just come dragging in home all played out and feeling miserable. At night I would just fall over into the bed with my back hurting me so bad that it was impossible for me to stoop over and unlace my shoes. My nerves got so bad that I seldom had a good night's sleep and I lost weight until I wasn't much more than a frame. My face was sunken in and my color was swarthy and unhealthy looking."

"In fact, I was just about ready to give up and could not have held out much longer in such a condition. I had heard lots of talk about what Tanlac was doing, so my wife had me get a bottle of Tanlac, and I noticed some improvement from the first, and now I am a well man. I am now sixty-five years of age, but I can get around with about as much ease as if nothing had ever been the matter with me. The rheumatism is gone I believe for good, as I never feel it any more; my appetite is better than it has been in years and I can tell from the way my face has filled out that I have gained considerably in weight. In fact, my improvement has been so great that my friends are often remarking about how much better I look."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

CATARRHAL DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Medicine. Circulars free. All Druggists, 75c.

SIX MONTHS I COULD NOT WORK

Lydia E. Pinkham's Vegetable Compound Made Me Strong and Able to Work—I Recommend It To All My Friends.

Bayonne, N. J.—"I had pains in back and legs so that I could not stand caused by female trouble. I felt so tired all the time, had had headaches, and for six months I could not work. I was treated by a physician and took other remedies but got no relief. A friend told me about Lydia E. Pinkham's Vegetable Compound and it has helped me very much. I am well and strong and now able to do my work. I cannot thank you enough and I recommend your medicine to my friends who are sick."

"Mrs. Susan" SAVANNAH, 25 East 17th St., Bayonne, N. J.
It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for over forty years, and today hold a record for such wonderful success as does Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

WHAT'S THE NEXT "DRIVE"?

If there is not a short crop of "drives" this summer the people are going to be driven crazy. The kid-gloved crowd who sit in their Brussels-carpeted offices in the cities and inaugurate these various "drives" should learn with profit that the great common people are being driven into close quarters, and that all future "drives" are out of tune. With the high cost of living eating up the worker's wages, it is hardly likely for him to feel kindly disposed toward future "drives" whose tentacles grip him at every turn. In the future we are going to support only those "drives" that will help the people of Paris and Bourbon county.

THE LEXINGTON RACES.

Although the weather conditions have been very unfavorable, it did not seem to deter lovers of the racing game from flocking in large numbers to the spring meeting of the Kentucky Jockey Club, which began at Lexington last Saturday. The crowds each afternoon have been far above the average, and the card provided for each day's program has been of the very best.

Among the winners at the meeting were three Bourbon county horsemen, whose victories were very popular among the sporting element, and whose horses were played in the pari-mutuals to the very limit by Bourbon friends of their own and trained by Dan Morris, fifth race was won by Ben Valet, owned and trained by Wan Morris, formerly of Paris, with John S. Reardon, second, and Eastertide, third. Finis, owned and trained by Robert C. Frakes, formerly of Paris, with Fred Merrimee, another Paris boy, in the saddle, won the sixth race in good style, Duke of Devonshire taking second place, and Waterford, third. Finis paid his backers as good as 10 to 1. The Ashland Oaks for two-year-olds, at a distance of one mile, was won by Clintonville, owned by S. Kenney Nichols, lately of Paris, at odds of \$14.20 to \$2 in the pari-mutuals. Cotton Blossom came in second, with Cobwebs, third. Owner Nichols drew down \$3,370 as his share of the stakes, and, in addition, received a handsome silver cup, donated by Major T. C. McDowell, after whose breeding farm the stake was named.

Brunswick Principles In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

ON CHANCE TO COMPLAIN NOW, SHE DECLARES

Miss Vetter Has Gained 25 Pounds
In Weight And Feels Fine All
The Time—Highly Lauds
Trutona

LOUISVILLE, KY., April 29.—“I weighed 140 pounds when I began taking Trutona, but I tipped the scales at 165 pounds after I had finished the treatment, and I feel so good all the time now that I don't even have a chance to complain,” Miss Ruby Vetter, a well-known employee of Herman Straus & Sons Co., who lives at 1041 South Seventh street, Louisville, said recently. “I used to be a telephone operator, but I had to give up the position on account of my nerves,” she continued. “I had the ‘flu’ last spring and it left my system in bad shape. My stomach was so weak I couldn't stand even the lightest of foods. I felt bilious all the time and was subject to frequent smothering spells.”

“Trutona had done my mother so much good that I decided to try it myself. The benefits I gained are really better than I even expected. When I had finished my third bottle of Trutona, I felt as strong as I ever did. And I'm still feeling that way. My nerves are strong and steady now and I'm eating heartier than ever. I'm working at the department store every day now, too, and I feel so good all the time that I don't have a chance to complain.”

Can any one doubt the sincerity of this remarkable statement by Miss Vetter? It is further proof to be added to the ever increasing volume of testimony accumulating in favor of Trutona. As a system purifier and body invigorant for use after attack of influenza, pneumonia and the like, Trutona has proven to be peerless. Trutona is sold in Paris at G. S. Varden & Son's. (adv)

"Gosh! How my back aches!" After Grip, "flu" or colds, the kidneys and bladder are often affected—called nephritis, or inflammation of kidneys. This is the red flag of danger—better be wise and check the further inroads of kidney disease by obtaining that wonderful discovery of Dr. Pierce's, known as Anuric (anti-uric-acid), because it expels the uric acid poison from the body and removes those pains, such as backache, rheumatism in muscles and joints. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

Springfield, Tenn.—"I write a few lines to say that Dr. Pierce's Anuric Tablets gave me prompt relief. I consider them a great remedy for kidney trouble. My back doesn't hurt at all and there is no burning or smarting as before. When I had used up the trial package my druggist didn't have the tablets in stock so ordered a bottle from Nashville."—G.W. LAXATIVE

Chronic Constipation Is Stubborn.
How To Relieve Easily.
New Method.

Here's a way to relieve yourself of chronic constipation, stomach and liver disorder, after all other means have failed, with the guarantee of a reliable dealer that it won't cost you one penny unless it does.

Simply get a twenty-five cent box of Pepsotone, take according to directions, and you'll be surprised within a few days how these little tablets refresh tired nerves, strengthen weakened tissues and just fill you full of energy and vigor. Food tastes better and you forget headaches, indigestion, tired-out-all-the-time feeling.

Be sure to ask your dealer for Pepsotone as it is Pepsotone that is guaranteed to relieve indigestion, constipation or your money refunded. (adv)

Alligators and Crocodiles.

Fourteen feet is about the limit of length for an alligator, but the crocodile is a much larger animal when full grown, specimens 30 feet long being not uncommon. Crocodile eggs, which have hard shells and look like goose eggs, are considered good to eat in the tropics.

HOW IS YOUR COMPLEXION?

A woman should grow more beautiful as she grows older and she will with due regard to baths, diet and exercise, and by keeping her liver and bowels in good working order. If you are haggard and yellow, your eyes losing their lustre and whites becoming yellowish, your flesh flabby, it may be due to indigestion or to a sluggish liver. Chamberlain's Tablets correct these disorders. (adv)

Bound to Get His Share.

Little five-year-old Willie was invited to a birthday party. On his return home his mother was surprised to see him take two big pieces of cake out of his pocket. When asked for an explanation Willie replied, "Mamma, I could not eat much because my stomach was full, so I brought some things home."

ARE YOU HAPPY?

To be happy you must be well. If you are frequently troubled with constipation and indigestion you cannot be altogether happy. Take Chamberlain's Tablets to correct these disorders. They are prompt and effectual, easy and pleasant to take.

Business of Criticism.

Its business is simply to know the best that is known and thought in the world, and, by its turn making this known, to create a current of true and fresh ideas. Its business is to do this with inflexible honesty, with due ability; but its business is to do no more, and to leave alone all questions of practical consequences and applications—questions which will never fall to have due prominence given to them.—Matthew Arnold.

Unusual Value—In Tires for the Smaller Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for the smaller cars, but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

HOW DIPHTHERIA IS CONTRACTED

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. (adv)

Kentucky Democrats, You Are Entitled to Express Your Preference

If you have a choice for the Democratic nomination for President, you are entitled to express it, Kentucky Democrats.

But you have but one chance to do so.

You have been called to meet in mass conventions in your county seats at 2 o'clock, Saturday afternoon, May 1, for the purpose of registering your choice.

Neglect the opportunity thus offered, and your county delegates without instructions, and your one chance to exercise your sovereign right of saying who will be your standard-bearer in November has slipped away.

Exercise Your Prerogative

Will you delegate your franchise to a few men in the crisis which confronts your party and your country or will you assert your prerogative as a citizen and a Democrat to choose your leader?

That you may be able to register your choice intelligently these facts about the candidate Ohio Democracy has put forward, as a man whom the Genius of America has trained for just this hour, are presented.

A Typically American Career

BORN on a farm "of poor but honest parents," James M. Cox became a teacher, then newspaper reporter, then an editor, then secretary to a Congressman, then owner of a prosperous newspaper property, then a member of Congress, and then Governor of Ohio—the only Democrat ever elected to that office three times.

Always On the Square

ASK any union labor leader about Governor Cox and he will tell you that no man or group control him, that he is always on the square.

Ask the business men of Ohio and they will tell you that he understands business problems and that he has courage and ability for any emergency.

Ohio's Votes Are Needed

OHIO'S electoral votes are needed this year; Cox can swing them for Democracy.

Go to the mass convention in your county seat at 2 o'clock Saturday afternoon, May 1, and select as your delegates representative forward-looking Democrats, who hold good government and the interest of the party paramount to all else, and instruct them to support the candidacy of Governor James M. Cox.

Women are entitled to representation and to express their preference and are urged to attend the convention.

Let the country know where Kentucky Democracy stands.
